

## Self-Declaration Delivery State

The company

KOSTAL Solar Electric GmbH  
Hanferstraße 6  
79108 Freiburg i. Br., Deutschland

hereby declares that the following products:

### **PIKO MP plus 1.5–5.0 and PLENTICORE plus G2**

may only be used in grid-connected photovoltaic systems within the permissible power range and under the permissible ambient conditions. The off-grid mode is not supported.

On delivery, only the function as a photovoltaic inverter is enabled.

The battery option can only be activated by an installer using an activation code. This activation of a battery is not possible by the user.

The use of batteries may be subject to national regulations and restrictions.
