

## Self-Declaration to DC/AC ratio

The company

KOSTAL Solar Electric GmbH  
Hanferstraße 6  
79108 Freiburg i. Br., Germany

hereby confirms that the inverters

### PIKO CI 30/50/60 and PIKO CI 100

can be over-dimensioned with a DC/AC ratio of 150% or higher, in accordance with the following specifications without voiding the manufacturer's warranty:

- The open-circuit voltage Voc of the PV generator must never exceed the maximum system voltage specified in the inverter data sheet.
- In addition, the maximum short-circuit current of the PV generator must not exceed the maximum short-circuit current specified in the inverter data sheet.
