Firmware - Update

Firmware Update - PIKO MP plus

The screenshot shows the KOSTAL Solar Electric website. A laptop icon points to the URL <https://www.kostal-solar-electric.com/download>. The website header includes 'SOLAR ELECTRIC', 'English', 'Download', and 'Shop'. The 'Download' button is circled. Below the header, the 'Download' section is highlighted. A search bar contains 'PIKO MP plus', and a dropdown menu shows 'Aktuelles Land'. The 'Update' section lists two firmware updates. The first update is circled, and a laptop icon points to the download path 'C:\...\Downloads'.

The diagram illustrates the setup for the firmware update. A PIKO MP plus inverter is connected to a laptop via a network switch. The laptop is connected to a web browser (e.g., Firefox / Edge). The browser's address bar shows the IP address 'xxx.xxx.xxx.xxx'. The browser window displays the 'Inverter Webinterface' with a navigation menu including 'Home', 'Events', and 'Update'. The 'Update' button is circled. Below the browser window, a file path 'C:\Users\...\Downloads' is shown, and a file named 'PIKO MP plus_HMI 3.9-1' with a size of 1713 kB is listed.
